

Memorandum

: All District Directors

Date : January 15, 1988

File No.: Special Funded Sign

From : DEPARTMENT OF TRANSPORTATION
ATSS 8-485-3460

Subject: "Special Funded Project Construction Identification"
Sign Details

At the request of the Division of Traffic Engineering, the above sign detail is being issued.

The special sign detail provides information for the construction of "Special Funded Project Construction Identification" signs.

Districts are instructed to insert the special detail sheet in the contract plans when appropriate or when requested.

Signs may only be installed on construction projects which are financed wholly or in part by County Measure Funds.

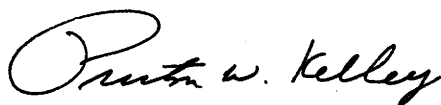

If the signs are used, one sign in each direction shall be placed near the project limits of each qualifying project.

The sign format, message content, and letter size shall conform to sign detail sheet.

The following information shall not be included on the sign:

- Dollar cost figure
- Funding percentages of contributing sources
- Promotional information, such as identification of public officials, organizational affiliations, and/or related symbols or logos.

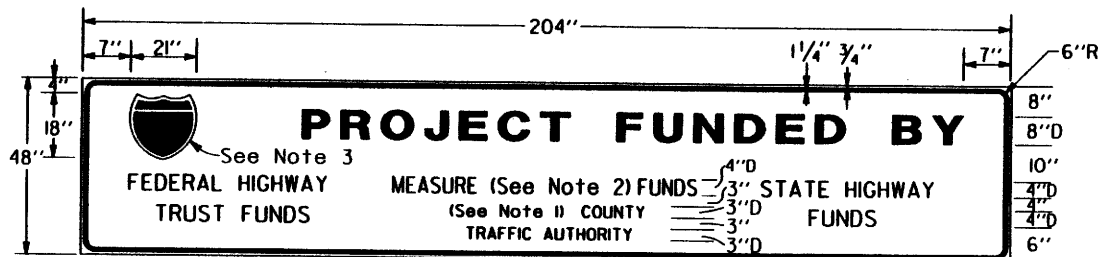

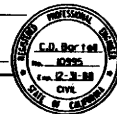

Standard Special Provisions addressing the foregoing will be forthcoming.

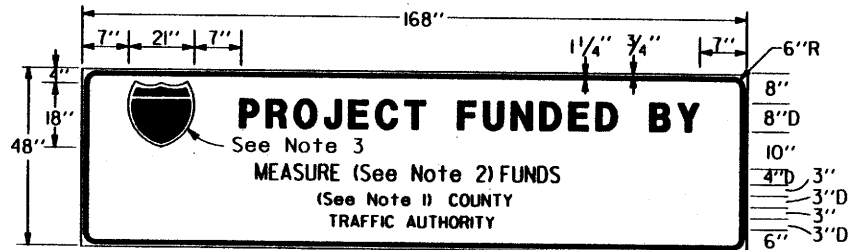

PRESTON KELLEY
Office Engineer
